No Cure For Consumption.

There is no cure for consumption, whether of the lungs, bowels or kidneys; yet the patient may be spared to long years of life, the fatal termination kept from approaching, if Brown's Iron Bitters are used. This medicine strengthens the weakened parts, restores to healthy action the impaired functions, and stops all decay and wasting-away of the organs affected. It is the best lifegiving medicine ever invented, and thousands of living witnesses stand ready to affirm the truth of this assertion. A trial bottle will convince you of its merit.
